

Local Psychiatrist Achieves Board Certification

White River Health System is pleased to announce Supriya Narang, M.D. has successfully completed both written and oral certification examinations of the American Board of Psychiatry and Neurology (ABPN). ABPN has been serving the public interest in the excellence of psychiatry and neurology through its rigorous certification process since 1935. Dr. Narang is also a member of the American Psychiatric Association.

“We at White River Medical Center congratulate Dr. Narang,” says Gary L. Bebow, Administrator/CEO of White River Medical Center. “Mental health services are an important part of a well rounded medical community and Dr. Narang is a valued member of our mental health team.”

Dr. Narang completed General Psychiatry training at Michigan State University in East Lansing. Her practice includes individual outpatient counseling and medication management for depression, bi-polar disorders and anxiety disorders and mental health consultations with primary care physicians and specialists for their hospitalized patients. Dr. Narang accepts most commercial health insurance plans and Medicare. Dr. Narang’s office is in the White River Behavioral Health Clinic in the WRMC Professional Building.

Supriya and husband Dr. Mohit Narang, Oncologist at White River Medical Center have called Batesville home since February 2005. They have two children, Shiven who is 15 months and a daughter Mannat who is 4 years old.
